Thanks to you—our friends and neighbors-for your patience and understanding during the recent work stoppage. Your willingness to co-operate helped—more than you know.

The tone of your voice was friendly, your requests were reasonable. You gave your numbers clearly and distinctly, and when we made mistakes you were patient. In the busy hours, when we asked

pone your call to a less busy time, you complied graciously. For all of this we say, "Thanks

you-unless it was urgent-to post-

BROTHERHODD of N

Every man must be a son; he may be a brother. That is the challenge of mature llying. Each of us can choose whom he calls brother, Brotherliness is a quality of soul. How happy we are to find a brother! Some men make others feel at home with them; they are brotherly.

Biotharhood is peculiarly necessary in a democracy. In fact to be a brother is rully what

it means to be democratic. A brother wants his fellow man to share in the good things which

he values. A brother has a concorn for others. America is known around the world as a kindly

land; Americans have a reputation of being a friendly people. If we cultivate the spirit of

brotherliness, there will be no room for the Communistic gospel. It is in those areas where

How wide is our circle of brothers? Do we include only those who belong to our church?

Or only those who vote with us at election time? Or only those whose skin is of the same

color at our own? Or only those who beat the name 'American'? It is our privilege to extend

the circle of brotlers. Does my circle take in some who were outside a year ago? Perhaps

Old Doc Got the Money When Needed

Inverness, Miss., April 17 (4")-Cancer of the liver is an agonizing death, but because of it old Doc knew he was tich.

Not in money. He never made CHURCH OF GOD much money at a country doctor, though he got by. He found that he was rich in

friends, respect, gratitude. On his

scales they outweighed gold. Dr. W. L. Ervin died of cancer of the liver at his home here yesterday at the age of 75, And after 33 years there weren't many in this section of Sunflower County he didn't know or hadn't

treated—or "birthed."

He rarely sent bills. A lot of his patients couldn't pay anyhow-unless it was in cornmeal, hams and sorghum.

Not long ago, however, when old Doc had to go to Memphis, 140 miles north of here, for an operation to confirm his diagnosis of his own illness, word got around he was low on cash. Money rolled in. A couple of days

later, his patients and friends gave him \$2,000 for pocket money. And when newspapers told of the physician who didn't bother with bills, letters came from every state

in the union. Some letters held checks from patients he had long forgotten. The largest—for \$100—was from a couple whose child he had

treated when they were penniless 25 years ago. The smallest was a "widow's mite" of \$2 sent in by an old Negro woman in Louisville, Ky.

There's probably not much that old Doc would change if he could live his 75 years over again. He liked being a country doctor, he
